Jenny C. Pimentel

March 9 - 15 is World  
Rotaract Week

# JAGed

Editor Jerome Gaerlan

## WORLD ROTARACT WEEK

Most organizations which are serious about making an impact on the community and which intend to remain vibrant for a long time have a strong Youth component. For the Lions Club there is the Leo Club, for the Knights of Columbus there are the Squires, for the Red Cross it is the Red Cross Youth Organization, and for The Couples for Christ they have the KFC- Kids for Christ and not Kentucky Fried Chicken!

For Rotary we have the Rotaract and the Interact Clubs. Rotaract Clubs are clubs composed of young adults 18-30 years of age, residing, employed or studying within the vicinity of the sponsoring Rotary Club. Usually, Rotaract Clubs are based in a College although there are clubs which are community-based. Interact Clubs, meanwhile, are clubs for young people ages ranging from 14-18 years. They are usually based in Secondary schools, although they can also be community-based. Today we are celebrating World Rotaract Week, celebrated on the week when March 13 falls ( this year it is March 9-15 ). This is to commemorate the official chartering of the first Rotaract Club in North Charlotte, North Carolina, in 1968. World Interact Week, on the other hand, is celebrated on the week when November 5 falls, to commemorate the establishment of the first Interact Club in Melbourne, Florida, in 1962. Even before these dates, however, youth organizations have already been unofficially affiliated to Rotary. Organizations like the Ro Club which has a Charter very similar to that of Interact. Also, there was the Yrator ( Rotary spelled backwards) Club, active during the 1930's. For more information about the history, goals and organizational details of the two Youth organizations affiliated with Rotary, I refer you to the Rotary Primer & the Rotaract and Interact Websites. Before going further, I also want to make a suggestion. Why not a Rotary-affiliated organization for Elementary School kids? The Boy and Girl Scout Organizations are alone in helping schools & the gov't in instilling civic-mindedness in young kids.

The reason why a youth component is necessary in keeping organizations from going stale

is because young people are idealistic and full of energy. The last syllable in Rotaract and Interact aptly describe the youth. They like to 'act' rather than just plan or contemplate matters. This activism gets things done. Of course, if a 'mature' organization is around to offer guidance, then so much the better. A few meetings ago, we had a discussion on whether we should elect a separate Youth Service Director. This is so our Club could better oversee our Youth-oriented projects. The motion to elect a separate Youth Service Director was temporarily shelved pending clarification of matters of legal and procedural significance. At any rate, it is important that we touch base with the Youth Sector whether we do it officially or unofficially. Furthermore, I must emphasize that Youth Service is not just engaging in projects which benefit young people, like our Polio immunization and Vit. A projects. It is giving young people a chance to participate in community building. Leadership seminars are okay but there is nothing like an actual project to teach a person about leadership! It may be a little late to involve our Rotaractors and Interactors based in LORMA and UCC in our projects since final exams are around the corner but just to remind future Officers- the Charters of these clubs require them to engage in at least 2 service projects before the Rotaract/Interact Year ends.

As Editor-in-Chief of the Goldleaf, I was also amiss in involving the Youth. An innovation for succeeding years is to have sections or issues of our newsletter to be put out by our Rotaractors/Interactors ( The Goldleaflet?). You would be surprised at the wisdom which at times emanates from the "mouths of babes!"

Let's not forget our young people lest we lose them to inane computer games or worse, to drugs and crime. Other organizations wishing to create an 'impact' on society are busy recruiting youngsters, albeit unofficially. These are organizations like the Red Scorpion and Akyat-Bahay Gangs, the Oxo and Sigue-sigue Sputnik, the Pentagon and Kuratong Baleleng. Depriving them of future members by involving the young in worthwhile activities is a non-violent and legal way of killing off these 'scourges'.

## 10 Husbands, Still a Virgin

A lawyer married a woman who had previously divorced ten husbands. On their wedding night, she told her new husband, "Please be gentle, I'm still a virgin."

"What?" said the puzzled groom. "How can that be if; you've been married ten times?"

"Well, Husband #1 was a sales representative, he kept telling me how great it was going to be.

Husband #2 was in software services, he was never really sure how it was supposed to function, but he said he'd look into it and get back to me.

Husband #3 was from field services, he said everything checked out diagnostically but he just couldn't get the system up.

Husband #4 was in telemarketing, even though he knew he had the order, he didn't know when he would be able to deliver.

Husband #5 was an engineer, he understood

the basic process but wanted three years to research, implement, and design a new state-of-the-art method.

Husband #6 was from finance and administration, he thought he knew how but he wasn't sure whether it was his job or not.

Husband #7 was in marketing, although he had a nice product, he was never sure how to position it.

Husband #8 was a psychologist, all he ever did was talk about it.

Husband #9 was a gynecologist, all he did was look at it.

Husband #10 was a stamp collector, all he ever did was. God I miss him! But now that I've married you, I'm really excited!

"Good," said the new husband, "but, why?"

"You're a lawyer. This time I know I'm gonna get screwed!"

## AMENDING PROCEDURE OF THE CONSTITUTION

No Constitution, however gifted its framers, is likely to prove adequate for an indefinite period. There are problems that no human foresight can anticipate. As conditions are never static, so must the fundamental law be freed from the constraint of rigidity. While it is reduced to writing, it should not be devoid of the element of flexibility. Thus, a well-written charter must not only safeguard individual rights and organize the government but indicate how it may be amended in order to make it responsive to changing economic, social and political conditions.

Not much reflection is needed to show that without an amending process, the only alternative to bring about the necessary changes would be through revolution. In this way, the article on amendments provides a safety valve.

PDS Marc Prieto

## METHODS BY WHICH AMENDMENTS OR REVISION MAY BE PROPOSED.

Section 1 and 3 prescribed three (3) methods for proposing any amendment to, or revision of the Constitution, namely:

1. By Congress, as a constituents assembly, upon a voter of three-fourths of all its members (Sec. 1(a)), voting separately.
2. By a constitutional convention called for the purpose (Sec. 1 (2)), or
3. By the people directly, through initiative upon petition of the required number of registered voters. (Sec. 2 par. 1).

It is to be noted that the vote requirement is more stringent if the amendments are proposed by Congress itself. This is to insure more deliberations and deeper study and considerations of the merits of the proposed changes in the fundamental law.

Take your pick !

## TEST (Ten Exercises for Students of Trivia)

Rotarian Ruel T. Tana

**Star Wars Trivia** – “Star Wars” captivates almost anyone who sees it.

1. What is Luke Skywalker's home planet?
2. Who is the Commander of the Rebel Fleet?
3. What is the real name of Darth Vader?
4. What kind of creature is Chewbacca?
5. What is Princess Leia's last name?
6. In “Episode 1: The Phantom Menace”, what planet, never previously mentioned in a Star Wars movie, did the Trade Federation invade?
7. In “Episode 2: Attack of the Clones”, what classic Star Wars song from the original trilogy is played for the film's finale?

8. In “Episode 4: A New Hope”, where does the opening scene take place?
9. In “Episode 5: The Empire Strikes Back”, what planet does Luke travel to in search of Yoda?
10. In “Episode 6: Return of the Jedi”, what type of creature does Jabba the Hutt intend to feed Luke and Han to in the beginning of the film.

# C.P.R. (Club Pass & Review)

Sec. Reggie Chan

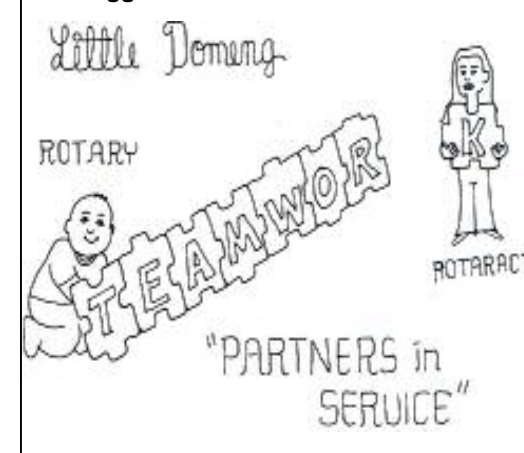

Sometimes even when the audience is few, the show must go on and the performers still gives their best performance – done in the name of professionalism. Such was the case of last Tuesday's meeting. The Eagle team, motivated by an intense desire to serve and entertain its fellow club members, gave a terrific program. Pres. Rex called the meeting to order at 12:45 pm. Big guy and kind hearted A. Sec. Mike Paderon led the Prayer, 4 Way Test and National Anthem. While filling our stomachs with good food, we enjoyed chatting with our table-mates. Subsequently, Rtn. Ming Jao caught our attention with his lively Welcome and Greetings. We greeted 3 celebrants namely, Rtn. Edgar Biteng, PP Tony Yee, Dir. Jun Tio in behalf of Ann Tessie, and Rtn. Bennie Alo. Mouth-watering two-scoop ice creams were served compliments from these wonderful human beings. Following this, Emcee and Day

Chairman with a golden voice, Rtn. Bong Ingalla called me to lead the Club singing. Boy, I was pleased with the synergetic efforts of my participants. They convinced me how “Alive, Alert, Awake, Enthusiastic” they were. Aromatherapist Rtn. John Kutz came next giving a quick and informative Friendship Session on Polio. Sower of Love, Pres. Rex during his time excitingly announced upcoming activities. Everyone is encouraged to join and experience the joy of serving our community. We went to the highlight of our program as IPP Richard Dy properly introduced our Guest of Honor and Speaker, Area Coordinator, Polio Eradication Fundraising Campaign (PEFC), PP Evaristo “Steve” Ortega. The Jolly Past Pres. of RC SF City North opened our eyes and stirred our hearts to earnestly and seriously take an active and leading role as mother club in our campaign against Polio. After his talk, PVP Frank Buenventura's Response gave due recognition and tribute to him. The meeting ended as Pres. Rex dismissed an enlightened crowd.

**PRESIDENTS' CORNER**  
President Rex O. Mendoza, Jr.

To our visitors for today, the beautiful ladies of San Fernando City, Welcome to our Club!

How I wish that every week we have beautiful guests so we can count on all the members of the Club to attend. If you don't believe in me, check out the weekly attendance of the Club and the points of the Group. It will reveal what we really want!

We are counting the days and soon we will turn over our position to the new set of officers. Whew! We can take a break afterwards and start all over again. As I count the number of days may I remind you of the last handful of activities lined up, as follows:

a. March 12, 10:am at Star Plaza Dagupan, 3H Presentation to the different Clubs in the Pangasinan Area

b. March 24, Bingo sponsored by RC SoLU, in Aringay

c. March 30, 2003, 10:00 am, First Aid and CPR Training for Rotarians and their Employees at IPP Richard's place

d. April 4-6, at Angeles, DISCON, we are expected to present a number to give recognition to our very own PDG Ces Mendoza, please join me - I need confirmation

e. May 5 and 6, District Assembly for RY 2003-2004, Leisure Coast, Dagupan City, let's support the new set of officers and the new Rotary year.

May I also thank those who responded to my appeal for the ERADICATION OF POLIO, as follows

PE Allan Sy Rtn. Edward Dy IP Rey Nisce  
PP Jerome Gaerlan SAA Ronnie Dy & IWC Pres. Susan Prieto

The **KIDS** out there are expecting something from us, please share something to the Rotary Foundation intended for POLIO PROJECT. The **LOVE** you will feel and **ASSURANCE** that nobody will suffer deformity again in the future is greater than the pain that it will COST your wallet and pocket. Remember again the LAW, we will only **REAP what we SOW**.

## R2 D2

(Review of Rotary Details & Dynamics)

PVP Frank C. Buenaventura

**Subject: Summarized COL Approved Enactments and Resolution**

### District Administration

01-331 To request the RI Board to consider revising the "Twelve Principle Elements of a Good District Conference"

01-333 To allow district conferences to be scheduled at the same time as the Council of Legislation

01-341 To amend the provisions relating to District assemblies and PETS

01-342 To amend the provisions for the dates of the district assembly, PETS and District conference

01-360 To request the RI Board to consider encouraging governors to promote clubs working together on common service projects

### RI ADMINISTRATION

01-364 To remove the provision referencing the RI Board as the "administrative body of RI"

01-370 To allow the RI Board to change zone Boundaries

01-371 To clarify the terms of RI standing committees, including Rotaract and Election Review
